PACIS BRINGS FOOTHILL CARDIOLOGY LIVE ON NEXTGEN EPM SYSTEM

Leading Cardiology Group in HealthCare Partners Network Now Closer to Full EHR

Torrance CA. April 10, 2012 – Foothill Cardiology/California Heart Medical Group headquartered in Pasadena, California went live last week with the Enterprise Practice Management portion of the NextGen HealthCare electronic medical records system.

PACIS (Physician Affiliates Clinical Integration Services) a division of HealthCare Partners, successfully completed the NextGen EPM for the five office, thirty provider Cardiology practice serving the greater Los Angeles County area. This implementation represented the largest practice to date to join the PACIS network of independent physicians. The PACIS team's successful go-live consisted of helping FCCH redefine their scheduling, registration, reporting, billing, and financial administration.

Roberta Sniderman, Director of PACIS was pleased with the completion of the all-important practice management aspect of the system. "Foothill Cardiology will now be able to improve quality, cut costs, increase revenue and reduces risks." Sniderman explained. "They are now one step closer to realizing a total electronic health record solution, provided and supported by our customer oriented organization."

HealthCare Partners manages and operates medical groups and affiliated physician networks nationally in its pursuit of excellent quality healthcare delivered in a dignified and compassionate manner. With more than 1,200 employed and affiliated primary care physicians and more than 3,000 employed and contracted specialists, HealthCare Partners cares for patients in Los Angeles, Long Beach, South Bay, Pasadena/San Gabriel Valley area, the San Fernando and Santa Clarita Valleys, and North Orange County.
