HealthCare Partners/PACIS Reaches 200th Electronic Health Records Milestone
System helps HCP/IPA docs qualify for Obama stimulus money

Pasadena, CA – November 1, 2009 – Dr. Steven Davis, Medical Director of HealthCare Partners/PACIS, the electronic health records system for the IPA offices of HCP Southern California, is proud to announce the 200th medical practice implementation of the NextGen software program.

“Pacis understands the unique needs of our members and we continue to be on the cutting edge of offering a cost effective EPM and EMR system to our IPA physician partners.” Dr. Davis explains. “No other IPA network in California has our commitment to a full service implementation, training and customer service team. We are there for our clients through the entire process making the office conversion seamless”

PACIS, along with HealthCare partners has enjoyed seeing their IPA physicians realize increased efficiency, more revenue, cost savings and reduced risks by helping these practices switch from paper charts to electronic health medical records. In addition, offices that qualify may receive up to \$44,000 from the Obama administration for implementing and using Electronic Medical Records.
